

YOUTHS ADMIT STARTING FIRE AT ALVARADO SCHOOL

Two Alvarado boys, ages 11 and 12, admitted to sheriff's deputies Monday that they started the fire in the Alvarado Elementary School building last Saturday, because "It seemed like a good idea."

The fire, which was confined to the second-grade room, resulted in an estimated damage of more than \$2,000, completely destroying the teacher's desk and chair, burning a large hole in the hardwood floor, and smoking the room so badly that it will have to be entirely redecorated.

ONE ROOM BURNED

The boys told Detective Joseph Sheehan of the sheriff's staff that they had been in the building the previous Thursday and returned Saturday while workmen were in the building.

At that time they left a side hall window unlocked and returned via the window after the workmen had departed. According to their story, they took papers from the teacher's desk, piled them under the desk and ignited them with sparklers.

One of the boys then let his companion out the window they had entered, closed and locked the window and made his escape via the back door. As he departed, the door closed and locked behind him. This kept the flames from spreading to other portions of the building.

A painter who was looking over the exterior of the building more than an hour later noticed the smoke-filled room and summoned the fire department.

LIKE TEACHERS

Principal L. H. Maffey said Monday that the boys had been asked if they had a "grudge" against any of the teachers, in an attempt to determine why the fire had been set, but they had replied: "Oh, no. We like our teachers." The only reason they could give for their act was: "It seemed like a good idea."

They have been turned over to juvenile authorities.

FIRMS REPORTED 'INTERESTED' IN NEWARK LOCATION

Newark, heralded as "the fastest growing community in Southern Alameda County" by its Chamber of Commerce, is scheduled to continue its expansion and growth in the future, according to reports given by the Chamber members at a meeting Tuesday evening.

Revealed as a certainty were such projects as the location of a meat packing house, telephone building, many new homes and a new dental office. Several members also reported that they had been contacted by representatives of business firms interested in locating in the community, but added that they were not at liberty to reveal the names of the companies.

Many new committees were named by President J. R. Truscott, who presided. Harry Houston, Wesley Sears, Paul Gyax and Edward Mara were named to arrange for the construction of appropriate highway signs advertising the community.

Gordon Cotton was appointed chairman of a committee he is to select, to form a Safety Council in Newark to work in conjunction with the Southern Alameda County Safety Council.

R. A. Jolly, Harry Houston and Edward Bimuelier were named as the Christmas committee to begin arrangements for the decoration of the business district over the holidays.

Fire Chief Joseph Pashote reported to the group that fire insurance rates had been reduced approximately 6 per cent in the community and expressed confidence that the rates would be reduced considerably more "if and when" the present water mains are replaced with larger pipe.

MINOR INJURIES TO 3 IN DECOTO CROSSING CRASH

Three persons narrowly escaped death beneath the wheels of a Western Pacific freight train about 10 a.m. Monday, after the car in which they were riding was struck by the train at a crossing near Decoto.

Occupants of the machine, who escaped with but minor injuries, were Foro Olivencia, 67, Decoto, driver of the car, and his two granddaughters, Natalie Cicairos, 12, and her sister, Rosalie, 10, daughters of Mr. and Mrs. Domingo Cicairos, 912 W Street, Alvarado.

Olivencia had driven to Alvarado to pick up his two grandchildren and was less than a mile from his home when the crash occurred at the Whipple Road crossing. He told officers that he did not see the northbound train at the unobstructed crossing until it was too late to stop.

He swerved the car, a model A Ford coupe, in the same direction that the train was moving and crashed broadside into the locomotive. The impact hurled the three occupants from the car onto the ground, inches from the wheels of the train.

All three were taken to Fairmont Hospital in the Dallas Paul ambulance, where they were given emergency treatment and released later that day. Natalie received cuts on her arm and wrist and Rosalie and Olivencia received only severe bruises. The car was completely demolished.

He was a native of Los Angeles and had been a resident of Decoto for eight years, working at the Holly Sugar Corporation's Alvarado plant before entering the service.

BOOST IN SCHOOL ENROLLMENT SEEN

An increase of 3,000 more children attending the elementary schools of Alameda County in the school year just closed, over the 1946-47 school term, was revealed in a statistical report made this week by County Superintendent of Schools Vaughn D. Seidel.

The report showed that there were generous gains in five of the nine elementary school districts of Washington Township. Greatest increase was noted at Newark, where a rise of 24 per cent from 225 to 280 pupils, was revealed.

Other increases were as follows: Centerville, 14 per cent, from 244 to 279; Decoto, 14 per cent, from 473 to 539; Irvington, 11 per cent, from 271 to 300; and Niles, 13 per cent, from 395 to 455.

High school attendance throughout the county increased by 700. The full increase in public school attendance was 3,703, which brought the total average daily attendance to 94,755, as compared with 91,052 the preceding year.

FARM FEDERATION PLANS CONVENTION

The California Farm Bureau Federation, largest farm organization in the western states, will celebrate its 30th birthday in November at a convention which, according to William Ralph, president of Alameda County Farm Bureau, probably will be held in Sacramento.

Federation President Ray B. Wiser is now arranging the convention program, Ralph said, and it promises to be the most attractive yet presented by the organization.

Officials and members, representing 50 county Farm Bureaus, will lead the large delegations to the conventions, with attendance expected to break all previous records.

Business highlight of the annual meeting will be the adoption of resolutions upon which the policies, activities, and programs of the organization are based.

Ralph stressed the significance of the part played by "grass-roots" resolutions in determining the Farm Bureau policies. "In no other organizations," he said, "do the wishes and desires of members wield such an influence as they do in the Farm Bureau. In every sense it can be said that the membership controls and directs the affairs of the Farm Bureau."

FINED \$150 FOR DRUNK DRIVING

Joe Basurto, resident of the Wesley Hotel, Niles, appeared in Niles Justice Court Tuesday and entered pleas of guilty to charges of disturbing the peace and operating a motor vehicle while under the influence of intoxicating liquor.

Judge E. A. Quaresma fined Basurto \$150 on the drunken driving charge and placed him on probation for six months on the disturbance charge. His arrest followed an altercation at the Wesley Hotel last Saturday evening.

IRVINGTON DELAYS ZONING PROPOSAL

Further proceedings toward the zoning of Irvington have been postponed until next month by the Chamber of Commerce, sponsor of the proposal.

The postponement was voted at a luncheon meeting Tuesday after it was pointed out that many land owners would be unable to attend a public meeting this month because of the apricot harvest. President Vernon Leal, who presided, stated that he would consult R. J. Wright, chairman of the zoning committee, before scheduling a public meeting sometime next month.

The group also voted the sponsorship of a dedication ceremony for the recently completed post office, and a committee composed of George Oakes, Walter Connolly, Joseph Rose, and Harold Speetzen was named to make the necessary arrangements.

GROWERS REPORT LOSS ON CURRENT PRICE OF APRICOTS

The local apricot market, which last week was bouncing around like a barefoot boy on hot pavement, was "pretty well steadied down" this week, according to cannery officials, with \$60 to \$65 being offered for 14-per-pound cots and \$45 for the 16-per-pound fruit.

Canneries in many sections of the state closed down this week after accepting all the fruit they wanted for this season, but local plants are expected to continue packing through next week.

The contract price is about \$20 per ton under that paid here last year and about half that received by growers in 1946.

Many orchardists claim they cannot break even on their crop at the price offered and others state they will lose \$7.50 to \$15 per ton on the crop.

Canners have placed the blame for the low price offered this year on the fact that there is a large carry-over from last year's pack and a bumper crop this season in portions of the state.

They also reported that the fruit this season is classified only as fair, with most of the cots running small and subburned.

COMMUNITY CHEST OFFICERS TO MEET

The initial reorganization meeting to plan the 1948 campaign for the Washington Township Community Chest has been called by President E. E. Enos for Thursday, July 29, at p.m. in the Justice Court at Centerville.

Main purpose of the meeting is the selection of a campaign chairman and the setting of dates for the campaign here. All organizations of the township will be asked to have a representative present at the meeting, preferably the chairman of the organization's welfare committee.

The officers who headed the drive last year all have been re-elected to their posts for this year's campaign. In addition to Enos, they are: Judge Allen G. Norris, Centerville, vice-president; Carl Christensen, Irvington, treasurer; and Mrs. Carmelita Berge Freitas, Irvington, secretary.

ALVARADO SUGAR PLANT CLOSES UNTIL AUGUST

The spring run of beet processing at the Alvarado plant of the Holly Sugar Corp. ended Sunday, after running at peak production for little more than a month.

The processing of local beets is expected to get under way in August and to last well into November, according to J. A. Ratekin, plant superintendent.

BURGLAR LOOTS HOME IN NILES

Vincent C. Armenta, Niles railroad employee, reported to sheriff's deputies last Friday that a burglar had entered his section-house home the previous evening and taken an estimated \$265 in checks and personal articles.

Entry was made by cutting a screen on an open window. Listed as missing were three unendorsed pay checks totaling \$260, personal clothing, Armenta's wallet and five pack of cigarettes.

SUPERVISORS GRANT LEGAL STATUS TO HOSPITAL DISTRICT

A resolution drawn up by the Board of Supervisors of Alameda County establishing the legality of the Washington Township Hospital District, has been received by the recently appointed Board of Directors.

Accompanying the resolution is a report of the canvass of the recent vote cast here at the June primary election, revealing that the official tally is 2,844 votes favoring the establishment of the district and 566 opposed.

APPLY FOR FUNDS

On July 7 the directors, Lester S. Whitaker, Niles, president; Allan E. Walton, Centerville, treasurer; Manuel F. Silva, Alvarado, secretary; Fred Melhase, Newark; and A. E. Alameda, Irvington, met at Washington Union High School and drew up applications for federal and state financial aid under Public Law 725.

Whitaker reported this week that he had received a letter from John R. Derry, consultant in hospital planning for the State Department of Public Health, acknowledging receipt of the application. "Upon completion of a review of this application the department will advise you of the recommendation for approval or other action which may be determined," the letter stated.

CALL NEXT MEETING

The next meeting of the hospital directors will be held Wednesday, Aug. 4, at 8 p.m. at the high school, and all persons who served on the Hospital Committee before the establishment of the district have been invited to attend in an advisory capacity.

LEGION AUXILIARY NAMES OFFICERS

Mrs. Florence Graber, Niles, has been elected president of the auxiliary of the Washington Township Post, American Legion, and will be installed at ceremonies to be held in September.

Other officers elected at last week's meeting were: Mrs. Mae Souza, second vice-president; Mrs. Theresa Swartz, secretary-treasurer; Mrs. Stella Benbow, historian; Mrs. Marian Zwissig, marshal; Mrs. Betty Pool, sergeant-at-arms; and Mrs. Marie Duarte, Mrs. Rose Vieux and Mrs. Ellen Mohn, executive committee.

The next meeting of the group will be held on July 28, at which time a first vice-president will be elected. The organization is also planning for the annual "Chums Dinner" to be held at the International Kitchen the evening of July 29.

Newark Man Married To Girl in Riverside

At an informal ceremony held last Friday night (July 16) in the Calvary Presbyterian Church at Riverside, Miss Ingrid Carlson, daughter of Mr. and Mrs. W. L. Carlson of that city, became the bride of Robert P. Hunt Jr., son of Mr. and Mrs. R. P. Hunt of Newark.

The bride made a charming picture in a white pique dress fashioned with a tight bodice and a new-look skirt trimmed with bands of lace inserts. A white crownless hat and a bouquet of Esther Reed daisies completed her costume.

She was attended by a life-long friend, Mrs. Betty Marracco, who wore a similar dress and hat in light blue and carried pink daisies.

Acting as best man was Mr. Sam Marracco, a classmate of the groom, while two other school friends, Mr. John Elder and Mr. Ed Conroy, were the ushers.

Following a reception held in Miliken Hall for their many friends and relatives, the young couple left for a honeymoon at Laguna Beach, after which they will return to Riverside to make their home.

Centerville At The County Fair

Among the localities who were present at the County Fair on Farm Bureau Day were a party of Centerville people: the Mattos sisters, Miss Adeline Telles, and Robert and Stanley Cairnes.

The same party, with the addition of Mrs. Frank Lopes of San Leandro, made a return trip to the fair the following Friday. They enjoyed especially the Wednesday performance of Dude Martin and his gang, and the exciting display of fireworks.

Have New Son

Mr. and Mrs. Reuben Raymond Ramos, Irvington, are the proud parents of a new son born July 13 at Community Service Hospital in San Jose. The youngster has been named Russell Raymond.

Vacationing

Mrs. L. L. Lewis of Niles left Sunday, July 18, with her daughters Loretta and Edna for a motor trip to Santa Barbara and way towns. They will conclude their vacation at their summer home in Boulder Creek. Next Sunday, Mr. Lewis and another daughter, Charlotte, will meet them there to celebrate his birthday with a barbecue.

Popular Spot

Santa Cruz is definitely a popular spot with Centerville residents. Among those who have added their names to the growing list of persons who are spending their vacations there are Mr. and Mrs. Richard Mendonca and son, Bobby, and grandmother, Mrs. Mary Ann Mendonca. They were there for a week.

Return from Idaho

Mrs. Thomas Power of Centerville and her son, Paul, have returned home from a ten-day trip to Idaho Falls, Idaho, where they visited her daughter, Mrs. Earl Silverthorn. They enjoyed the trip immensely, except for the terrific heat as they went through the deserts of Nevada. Mrs. Power returned in time to act as one of the judges of the horticultural exhibit at the County Fair.

Return from South

Mr. and Mrs. Tom Pugmire of Niles and their daughter and son-in-law, Mr. and Mrs. W. H. Alsop and two children, were recent visitors at Redondo Beach, where they were guests at the home of Mrs. Pugmire's sister, Mr. and Mrs. F. E. Smith. The Smiths had been visitors here at Niles over the Fourth.

On to Tokyo

A three-day visitor at the home of Mrs. Edna Overacker of Niles was her son, Col. Charles B. Overacker, who was on his way to Tokyo from Washington, D.C. He has been commissioned to the air communications service in the Pacific.

Lohengrin Trek For Stuart McClure

In the presence of family members only, Stuart L. McClure of Mission San Jose and Piedmont, was married last Wednesday to Mrs. Betsy Adams Winkelman at a simple ceremony performed at the Union Street apartment of Betsy's parents, Mr. and Mrs. William Woods Adams, in San Francisco.

Peggy Adams, a U.C. Pi Phi, was her sister's only attendant, and Stanley Moore did best man honors for his cousin. The just-weds will honeymoon briefly at Pebble Beach and will return to San Francisco to make their home on Green Street.

By her first husband, Roy Winkelman, the new Mrs. McClure has a young son, Woody. The bride is a graduate of the Sarah Dix Hamlin School.

Mr. McClure, well known in Mission San Jose, where he has a ranch, is the son of Mrs. Moore McClure of Piedmont, and of Col. Donald McClure, East Bay attorney now connected with the War Crimes Review Board in Frankfurt, Germany. He is a nephew of Mrs. Walter A. Starr.

The bridegroom, who has a young daughter by a previous marriage, was affiliated with Delta Kappa Epsilon at U.C. He served overseas as an Army officer during the war.

Irvingtonites In San Francisco

Motoring across the bay Saturday for an evening of gaiety were Mr. and Mrs. Walter Zbyzanski, Mr. and Mrs. Clifford Rogers, Miss Ann Sunbe and Rowan Henry, all of Irvington. They enjoyed the sights of the city and later gathered at the Top o' the Mark, and ended their evening at the Club Alabam.

Off to Alaska

A former resident of the township, Mrs. Carl Francee, who now lives in Oakland, is another one of those in the states who has been lured by the attractions of Alaska. She plans to leave for the territory on the 29th of this month, to be gone for about four weeks. She is the mother of Mrs. Maurice O'Brien of Niles.

Say you saw it in The Register.

New Homes In Irvington

Mr. and Mrs. Stepp Raymond of Irvington, who recently returned from a wonderful trip up to Marshfield, Ore., where they visited former Irvingtonites Mr. and Mrs. Ray Glass, are now deep in the throes of house-building. Their new home is being erected on the corner of Union and Lincoln. Another new home that is going up right near them is that of Mr. and Mrs. Tom Faria.

Niles Couple Move Into New Home

Breaking some kind of a record, by moving into their new home one day and having, not only breakfast guests the next day, but a dinner guest also, were Mr. and Mrs. Paul Offel, who moved into their brand new home at 910 Second Street, Niles, last Saturday.

Their breakfast guests Sunday were Mr. and Mrs. Tom Bracken of Oakland, and Mrs. Fred Duffie of Niles. Their dinner guest was Miss Frances Hayes of Niles. The Offels formerly lived in the Nelson apartment on Second Street.

PRE-SEASON DEER SHOOT TO BE HELD AT NILES SUNDAY

Sportsmen of Southern Alameda County will have an opportunity to break out their shootin' irons Sunday and brush up on the art of knocking over a running deer.

The opportunity will be afforded by the Niles Sportsmen's Club when they stage their Pre-Season Running Deer Shoot at the club grounds on the Niles-Mission highway. The affair will begin at 9 a.m. and, judging from the field of entrants in former events staged by the local club, will continue late into the afternoon.

A NEW EVENT

The sportsmen claim that it is the first time that such a shoot has ever been staged here, and the star of the day will be a galloping, life-size deer target that will dash down the hillside, guided by wires. The hunters will shoot from a distance of 150 yards, and may use any type of sights. Each entrant will be allowed three shots and will be scored numerically by target areas mapped out on the elusive deer.

Separate contests in .22 calibre rifle shooting and a trap shoot will be conducted throughout the day. Also slated for the first time in this area is a casting tournament, with contestants casting a 5/8-ounce official plug for a tub of water. A fly casting tourney will also be staged if enough entries are received.

MANY PRIZES

Hams will be the prizes awarded in each of the events, and the grand prize of the day will be a Montague casting rod for high score on the trap shoot.

Richard Davis is general chairman of the shoot, assisted by the

PAY \$375,000 FOR COLLEGE TUITION

Alameda County will reimburse other counties \$375,000 in payment of tuition charges for students attending junior colleges during the school year 1947-48.

In making the announcement this week, County Superintendent of Schools Vaughn D. Seidel ex-

plained that during the fiscal year ended June 30, an average of 2,000 students from this county were in attendance at junior colleges in other counties because Alameda County does not have a junior college.

"Junior college attendance for the past year exceeded that of the 1946-47 year by 55 per cent," Seidel said, "and total costs have nearly doubled."

BATTLES RAGE IN TOWNSHIP SOFTBALL LEAGUE PLAY-OFFS

One of the hottest Shaughnessy play-offs softball fans have ever had the pleasure of witnessing is raging this week at the Centerville diamond with eight of the teams in the Washington Township Softball Association battling for the President's Trophy and positions in the senior league.

In the six play-off games held Monday, Tuesday and Wednesday, the largest margin of victory scored by any team was two runs, with five of the games ending in a mere one-run difference.

In the competition for the Presi-

dent's Trophy, Mission Firemen and Native Sons have split their two games and will play the decisive 2-out-of-3 affair tonight (Friday). Native Sons won the opening battle Monday evening 2 to 1, after going two extra innings. Wednesday the Missionmen scored a 1-0 shutout to even up the count.

Completing the round of four-team competition at the top of the American league is the 2-out-of-3 meeting of Kleine's and Central Chevrolet. At their initial meeting Tuesday evening the Chevrolets dumped the favored Kleine-

IRVINGTON BOWS TO VALLEJO NINE

The Irvington Merchants, playing without the services of four of their regulars, bowed in a 15 to 5 defeat to the Vallejo ball club last Sunday afternoon on the Vallejo diamond.

Manager Frank Mayer, without either of his starting pitchers, used J. Davis, J. Garcia and C. Stewart on the mound for the locals, but none were able to withstand the terrific onslaught of the Vallejo club. Two base hits were rapped out by Chapman and Soito for the Irvington club.

Sunday the team will be idle, many of the players planning to motor to Hayward to attend the

series last night, but results were not available.

The winners of the Mission-Native Sons and Kleine's-Central Chevrolet series will meet next week for the finals in the Presidential Cup play-off, officially bringing to a close the 1948 softball season.

1000 men rush expansion of P. G. and E.'s greatest power plant

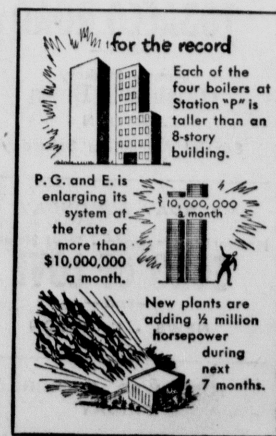

Near the lapping waters of the Bay at Hunters Point in San Francisco, P. G. and E.'s Station "P" is rapidly growing from a good sized power plant into a giant with an electric generating capacity of 360,000 horsepower. When the new power goes on the line this winter, Station "P" will be the largest generating plant on P. G. and E.'s vast system. And it's just part of our postwar construction program which is adding nearly 2,800,000 horsepower to our power supply.

We put salt water to work at Station "P". Two tunnels, six by nine feet, will pour 280,000,000 gallons of Bay water daily through the plant to cool the steam from the turbine generators. That's nearly three times as much water as San Francisco uses every day.

When Station "P" hits its maximum output, it will produce six times as much electrical power as it does today. Still other plants, both steam and hydro, are on the way to provide more power for Northern and Central California homes, farms and factories.

for the record
Each of the four boilers at Station "P" is taller than an 8-story building.
P. G. and E. is enlarging its system at the rate of more than \$10,000,000 a month.
New plants are adding 1/2 million horsepower during next 7 months.

Work never stops on our power-building program

IT'S GOT EVERYTHING

We went for a ride in our new car last Sunday. Strictly speaking, it isn't exactly new. But it's new to us—it's got gadgets. Wonderful gadgets!

We all pile eagerly into this amazing piece of machinery.

The driver looks fondly at the knobs, dials, buttons, and other impedimenta that are splashed so generously all over the dashboard.

"Ah!" he breathes ecstatically. "What a car! It's got everything. Which drive shall we pick?"

"Oh, let's take the one out through the canyon," I say. "Maybe it'll seem different in this car."

The driver looks over at me with a trace of condescension in his voice. "I don't mean WHERE," he explains patiently, "I mean which drive — hydromatic, vacuumatic, or—"

"I like automatic," I interrupted. "It makes things so easy—don't you think?"

"It hasn't got automatic," he

says witheringly. Then he adds, with excitement in his voice, "I think I'll try hydromatic."

He examines the knobs nervously. "This is it," he says, and punches it gingerly as though he weren't quite sure what will happen.

Frank Sinatra blasts out with "Now Is the Hour."

"So that's hydromatic," I say flatly. "Let's try vacuumatic. I never did like Sinatra."

"Gosh, Dad!" shouts one of the kids from the back seat. "It's a radio!" He yells out to one of his pals passing by: "Hey, we got a radio in our car!" The kid passing by is unimpressed. He goes right on by.

"Sure," says the driver, fumbling with more knobs. "It's got everything." Then says, "Say, I think I'll try vacuumatic, at that."

He punches another button. Sinatra goes off and the wind-shield cleaner starts up.

"That's cute," I say, admiringly. "It's got its own little sprinkling system. Now maybe I can see what the Canyon really looks like. But when do we go?"

The driver looks a trifle unnerved. "We're going any minute now," he says, still fumbling with the knobs and buttons. Then he pulls, instead of pushing.

"Gee, Pop!" yell the kids. "It's a cigarette lighter!"

"Well, of course," tosses off the driver nonchalantly, as he gets out a cigarette. "What'd you think it was?"

Eventually, we get going—in hydromatic. "Imagine!" says the driver in awestruck tones as we start up. "You don't have to shift or anything."

Then there's a lurch like if you were on a Brahma bull at the Livermore rodeo, and a crashing and grinding, and the kids yell happily. "Oh, boy! The engine's falling out!"

We start again, heading toward the San Mateo bridge instead of the Canyon on account of—well, on account of we're headed that way.

We even get across the bridge, and then decide to stop for ice cream cones. That is our mistake—deciding to stop.

"H'm," says the driver, "now in order to back up, I'll have to go from hydromatic to standard." So we run the gamut again—Sinatra, wind-shield cleaner, cigarette lighter, and even give the clock a couple of winds.
